

A man with short brown hair, wearing dark sunglasses and a black and white horizontally striped polo shirt, is sitting in a wooden chair. He has his arms crossed and is looking towards the camera with a slight smile. The background is a plain, light-colored wall.

EINE MANUFATUR FEINSTEN TEXTILS

Durch beste Zutaten miteinander verwoben, zeichnen sich die Blau- und Tragestoffe aus dem Hause Herrlicher durch einen unverwechselbaren Stil aus. Dieser Stil hat Tradition. Denn hinter und für die Marke Herrlicher steht Herr Licher mit der umfassenden Erfahrung als Gestalter, Formgeber und Vordenker im Bereich hochwertiger Bekleidung. Seine hohen Ansprüche sind das Maß für eine stimmige Komposition aus perfekter Passform, bester Qualität und individuellem Stil. Der stilisierte Weberkamm im Herrlicher-Markenzeichen ist Sinnbild einer feinen Textil-Selektion – die mit Liebe zum Detail verarbeitet ist. Diese Feinheiten bestimmen auch den besonderen Umgang mit der gesamten Kollektion: Jedes einzelne Stück wird – bevor es die Manufaktur verlässt – auf ein vortreffliches Zusammenspiel von Passform, Tragekomfort, Material-Beschaffenheit und fairem Handel geprüft. Und erhält erst dann das Herrlicher Blau- und Tragestoff-Siegel.

C'est en reliant les meilleurs composants par le tissage que se dessinent le „Blaustoff“ (tissu bleu) et le „Tragestoff“ (tissu-à-porter) confectionnés par la Maison Herrlicher grâce à son style unique. Un style de tradition. Car derrière la marque Herrlicher se trouve Herr Licher (Monsieur Licher) nanti d'une expérience complète et reconnu comme créateur, spécialiste des coupes et précurseur dans le monde du vêtement de qualité. Ses hautes ambitions sont la mesure pour une composition cohérente entre une coupe parfaite, une belle matière et un style individuel. Le peigne à tisser stylisé apparaissant sur le logo de la marque Herrlicher est le symbole d'une fine sélection des textiles, qui sont ensuite travaillés dans l'amour du détail. Ces finesses définissent également la manipulation toute particulière de l'ensemble de la collection: avant de quitter la manufacture, chaque pièce est contrôlé, afin de s'assurer de la conformité de la matière, la découpe, le confort ainsi que le commerce équitable. Ce n'est qu'après que le produit peut être gratifié par le sceau Herrlicher Blaustoff et Tragestoff.

UNE MANUFACTURE DE FINS TEXTILES

A MANUFACTURER OF FINEST TEXTILES

Interwoven with the best materials, the denim and fabric from the Herrlicher brand is distinguished by its distinctive style. This style has tradition. Standing behind and for the Herrlicher name is Mr. Licher with his extensive experience as a designer, stylist and mastermind in the field of high quality clothing. His high demands are the gauge for a consistent composition of the perfect fit, the best quality and an individual style. The stylised weaver's comb of the Herrlicher trademark is the emblem of a fine textile selection – which is crafted with a love for detail. These fine touches also define the special way in which the entire collection is treated: before leaving the factory every item is checked for an excellent interaction of fit, wearing comfort, material quality and fair trade. And only then does it receive the Herrlicher denim and fabric official seal.

Composti con i migliori materiali, i tessuti denim indossati di casa Herrlicher si distinguono per uno stile unico e inconfondibile. Questo stile ha una tradizione. Dietro il marchio Herrlicher c'è Herr Licher, con tanta esperienza come fondatore, designer e stilista creativo per un abbigliamento di alta qualità. La sua ricercatezza crea un equilibrio perfetto tra vestibilità, alta qualità ed uno stile riconoscibile. L'immagine del pettine del telaio, quello stilizzato riportato nel logo di Herrlicher, è il simbolo di una selezione tessile pregiata, unita all'amore per il dettaglio. Sono proprio questi dettagli che fanno la differenza quando si tratta dell'intera collezione: ogni pezzo, prima di lasciare la manifattura, viene controllato per vestibilità, comfort, taglio, materiali e anche per il commercio equo solidale. Solo allora i capi ricevono il sigillo blu e quello del tessuto firmato Herrlicher. Questa filosofia che ci ha sempre contraddistinto rimane e rimarrà il nostro punto di forza.
